Participant Information and Consent Form

Student interview: pet owners and pet care

Thank you for considering taking part. Please read this page before you agree. Keep this page for yourself, and give the signed page 2 to the student.

What is this for?

A student at TU Dublin is doing a class project to plan a website for a pet care business. To do that well, they need to understand how real pet owners look after their pets and choose pet care. Your interview will help them create profiles of typical customers.

What will I be asked to do?

Answer questions for about 10 >20 minutes about your pets, your routine, and your experience of services such as grooming, training, day care or kennels. There are no right or wrong answers, and you won't be asked to try out or buy anything. You must be 18 or over and own a dog, a cat, or both.

Do I have to take part?

No. Taking part is your choice. You can skip any question, stop the interview at any time, and you don't need to give a reason. You can also withdraw your answers afterwards up to **Thursday 22 October 2026** by contacting the student. Your notes will then be destroyed and not used.

What happens to what I say?

- The student will take notes. With your permission only, they may also make an audio recording.
- Your answers are used **only** for this student's coursework. They will be seen by the student, their lecturers and the module's examiners. Nothing is published.
- Your name will **not** appear in the student's report. You will be called "P1" or "P2". Short quotes may be used, but only if you agree below.
- Audio recordings are deleted once the student has written up their notes, and no later than **29 October 2026**.
- This signed form and the written notes are submitted to the lecturer as evidence that the interview took place. They are held by TU Dublin with the student's coursework and are not shared with anyone else.

Questions or concerns?

Contact the student or the module lecturer (the student fills in both before the interview).
